Any student who completes a Free Application for Federal Student Aid (FAFSA) may be chosen for a verification review. The verification process entails the review of tax documents and household information to ensure the accuracy of the FAFSA application.

Missouri S&T Student Financial Assistance Office (SFAO) staff will verify all mandatory items identified by the U.S. Department of Education (household size, the number in college, number of exemptions, adjusted gross income, taxes paid, untaxed income, untaxed IRS distributions, education credits, IRA deductions, tax exempt interest, receipt of food stamps and child support paid) In addition, the SFAO can verify discretionary items.

SFAO staff must resolve any conflicting information before disbursing financial aid. Applicants whose financial aid information requires reprocessing, based on the verification process, will have corrections electronically processed by the SFAO staff. These corrections will generate an updated Student Aid Report which will be sent to the student by the CPS. The Expected Family Contribution (EFC) may change based on the corrections made. If conflicting information is discovered after aid is awarded or disbursed, SFAO staff must resolve the conflicting information and the student will be required to repay aid received in excess of his/her eligibility. All conflicts must be resolved regardless of whether the student was selected for verification or not.
