**2021-2022 Financial Aid Year
 Proof of Child/Dependent**

We have received your Free Application for Federal Student Aid (FAFSA) and we need additional information. You indicated on your 2021-2022 FAFSA you are under the age of 24 **and** that you have a child/dependent who will receive more than half of their support from you between July 1, 2021, and June 30, 2022, **and** your total family annual income is less than \$17,240 which is the federal poverty income threshold. Your income does not appear to be sufficient enough to support you and your child/children for the 2021-2022 academic year or a calendar year. (Note: Having a child, paying child support, or having someone live with you does not necessarily mean that you provide **more than** half of their support as required by the FAFSA.)

If you are unable to provide appropriate documentation demonstrating you provide more than half of the support for your child, please correct your FAFSA at www.fafsa.gov. You will need to answer "No" to the following questions, and you will be required to provide parent financial information on the FAFSA:

- *Do you now have or will you have children who will receive more than half of their support from you between July 1, 2021, and June 30, 2022?*
- *Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you, now and through June 30, 2022?*
