Interest rates are fixed, which means your interest rate will remain constant over the full term of the loan, but vary by loan. The interest rate and information on when interest will begin to accrue will be included on your promissory note. For most university loans, Interest will begin to accrue at the conclusion of the grace period which is 6 months after graduation or when enrollment becomes less than half-time; however you will want to consult your promissory note for the grace period that is specific to your loan. For most university loans, there is a minimum repayment of \$50 per month.
