**IMPORTANCE INFORMATION**

To see an expanded glossary of terms on our website, go to [sfa.mst.edu/resources/glossary](http://sfa.mst.edu/resources/glossary).

**Verification**

Each year the federal government requires that we verify the accuracy of FAFSA data submitted by select financial aid applicants. We may ask you to submit various documents (including tax documents) to our office as part of this process.

We cannot disburse any Federal or State aid until this process is complete, and this process may change your award package. Please contact our office if you have questions about this process.

**Special Circumstances**

If a major change occurs in your financial situation after you completed your FAFSA or has occurred after you filed your 2019 taxes, please contact our office to find out if a Special Circumstances review would benefit you.

**Withdrawing**

Recipients of federal and state funds who withdraw or stop attending S&T may be required to return a portion or all of their federal or state funds. This may result in a student owing a balance to the university. A student who intends to withdraw should do so formally (and not just stop going to class). This process will help the student to understand his or her rights and responsibilities. The withdrawal form is available through the Registrar’s Office.

**Satisfactory Academic Progress and Financial Aid**

To receive federal, state, and some institutional aid, students must make Satisfactory Academic Progress (SAP) per federal financial aid guidelines. Please familiarize yourself with these requirements on our website [sfa.mst.edu/resources/policies](http://sfa.mst.edu/resources/policies) page. Failure to meet SAP may result in loss of financial aid eligibility.
The estimated Cost of Attendance is based on what most students will spend in a year. The Cost of Attendance is used to determine your eligibility for certain types of need-based aid. It’s also a good way to start comparing your financial resources (financial aid, income from work, etc.) with your costs. We’ve done some estimates for you on your offer letter.

Estimated Costs

The estimated Cost of Attendance is based on what most students will spend in a year. The Cost of Attendance is used to determine your eligibility for certain types of need-based aid. It’s also a good way to start comparing your financial resources (financial aid, income from work, etc.) with your costs. We’ve done some estimates for you on your offer letter.

Housing and Dining

Estimated Housing and Dining amounts are based upon the average residential life cost for the campus population. All fees rates are set by the UM System Board of Curators in the spring, and are typically available by April 1 of each year for the upcoming fall semester.

Tuition and Fees

All fee rates are set by the University of Missouri Board of Curators and are typically available in early summer for the upcoming fall semester. Amounts are subject to change at any time at the discretion of the Board of Curators, provided no increases to tuition/fees are effective unless approved by the Curators at least 30 days prior to the beginning of the academic term to which the tuition and fees are applicable. Any approved revision of tuition and/or fees is effective regardless of whether your tuition and fees have been paid prior to the effective date of the revision.

Books & Supplies

Estimate based on a survey of current S&T students.

Loan Fees

The percent or flat-rate, if any, charged to repay a loan. Lenders/Servicers may charge other fees besides the interest on the loan for origination and servicing.

Personal Expenses

You will incur indirect costs you will incur during the year (cell phone, shampoo, toothpaste, etc.).

Transportation

Estimate based on a survey of current students and includes two trips home per semester.

Financial Aid

Scholarships and grants do not have to repay after you graduate. However, you usually have to enroll full-time each semester. Some scholarships can be renewed if you meet certain renewal criteria. For more information, go to sfa.mst.edu. Other scholarships require you to complete the general scholarship application at scholarships.mst.edu every year. To renew grants, you need to submit the FAFSA annually by the priority deadline.

Estimated Cost of Attendance

After Grants & Scholarships

If your direct and indirect costs are the same as most students’ costs, then you would have to pay approximately this much during the course of the year. Keep in mind, this may not be money you pay to S&T; it could be money you use to pay other bills, buy toiletries, etc.

Federal Loans & Other Options

A type of financial aid that the student must repay, usually with interest. For more information on loans, please visit sfa.mst.edu/financial-aid/loans.

Additional Resources to Consider

• Federal and Institutional Work Study are awarded to students with high financial need who indicated interest in Work Study on the FAFSA. Additional information at sfa.mst.edu/financial-aid/work-study.
• Parent PLUS loan information at sfa.mst.edu/financial-aid/loans.
• Payment plan information is available at cashier.mst.edu/paymentinfo/paymentplan/index.html.

85% of S&T students receive some type of financial aid.

Enrollment Requirement

Your aid is based on the assumption that you will be enrolled full-time each semester. During the fall and spring semesters, this requires at least 12 hours for undergraduate students and at least 9 hours for graduate students. If you plan to take fewer hours than what is required to be a full-time student, please contact SFA to determine how your enrollment status will affect your aid. Enrollment is verified each semester prior to disbursement of all funds and again after the second week of class.

Billing

You will receive bills monthly beginning mid-July directing you to your bill. You will not receive a paper bill. Billing info is available at joess.mst.edu. To learn more about billing, contact the Cashier’s Office at 573-341-4195 or cashier@mst.edu.

Disbursement of Financial Aid

All financial aid funds (except Work Study) are credited directly to your Missouri S&T student account. One-half of your aid is credited to your account for the fall semester, and the other half is credited for the spring. If you receive funds from the State of Missouri, they may be sent to SFA several weeks after the start of each semester. SFA cannot disburse these funds to your account until they are received. Likewise, if you are receiving any form of aid outside of the university (outside scholarships, grants, and/or loans) we will not disburse these funds until they are received.

*Visit StudentAid.gov/Interest to see current loan interest and origination rates.

Because of the lower interest rates on the Direct Subsidized and Unsubsidized Loans, we encourage students to maximize those loan options first. If additional assistance is needed, graduate students and parents of dependent undergraduate students can apply for a Federal Parent PLUS Loan. Once we receive notice of your approval for the loan, we will verify and accept the loan on Joe'SS. Visit StudentAid.gov to complete the application, credit check, and master promissory note. We encourage you to wait until May to apply for a PLUS Loan.
